"Bikur Cholim extends heartfelt wishes to you and your loved ones for a year filled with sweetness and Bracha.

May you be inscribed and sealed for a year of goodness, overflowing with boundless joy, abundant health and much yiddishe nachas."

Shana Tova!

Over the years, Bikur Cholim has supported many people who have dealt with unexpected medical issues while away from home. These situations can be stressful enough without the added worry of medical expenses.

As we approach the Chagim, we want to gently remind you to make sure you and your loved ones are covered during travel. Whether you are going to be outside of Canada or have friends and family coming to Toronto, having proper health insurance is an important way to be protected in case of the unexpected.
